THE NO NONSENSE, HARD HITTING, PUNCHY, BOLLOCK TWEAKING PAGE THAT YOU WRITE!

Yes, we're now doing a letters page too.

Why shouldn't we? We thought of it first - in 1974 as it happens, only we didn't have a comic then.

So here's your chance to let off steam and have your say. Write to us at ZIT LETTERS PO Box 859 Hove, East Sussex BN3 2BJ. Each month there's a tenner for the best letter. So come on, put pen to paper - but don't forget to lean on something firm, else you'll mark the table fuckwit.

IN THE SWIM

Do Lifeguards have no sense of humour!

Only last week I visited our local swimming baths and was promptly thrown out for having a shit in the deep end. Be honest, we've all done it at some time or another. Alright, so I was on the top diving board at the time, but where's the harm?

Mrs H Foster Eastleigh Hants At this time of year, many people will be considering entering marathons. It's worth bearing in mind the health risks involved. For instance, my husband recently entered a marathon, and 6 months on he's still picking the peanuts out from under his foreskin.

Dolly Bedweed Southampton

I recently went to the doctors with a particularly large and unsightly hairy lump on the end of my penis. Imagine my surprise when he told me it was my body.

K. Lymeswold Dorset

"I must change the baby," I said after our 6 month old had dirtied his nappy. "Ooh good!" said my four year old son. "Can we swap it for a puppy and a Lego kit?"

What a prick. Do other readers have to put up with similar arse-hole comments from children?

P. Wormley Darlington

KYLIE'S TITS

If Kylie Minogue could sing half as well as she can grow fried eggs on her chest, she'd be number one all year round.

> Mr Penny Wolverhampton

CONDOM CONUNDRUM

After a particularly passionate lovemaking session with my girlfriend, I glanced down at my now flacid penis and was struck by how odd it looked, all small and shriveldy encased in a horribly wrinkled pink condom.

Perhaps even more curious was the fact that there wasn't a condom on it when we started. We can only assume that it belonged to one of her old boyfriends and had been lurking inside her for some months. Fortunately, in the same way that a screw fits snugly into a Rawlplug, I had inadvertently managed to retrieve it.

P. Ragworth Chester Would any of your readers be interested in buying all weather turquoise tracksuits - £8.99 each or two for £40. Chip chip wurr jibber jibber, Speckeldy bottom.

David Icke Barking

BOTTOM FINGERING

When in bed with your partner, why not try sticking your fingers up their rectum. It might not do a lot for them, but at least you never get asked to make breakfast in the morning.

Mrs Skelton Colchester

This is a great way of filling a couple of spare pages. Why the fuck didn't we think of this before?

The Editor Nowhere near Newcastle

On a recent visit to the Doctors, my G.P. asked me if I would supply him with examples of my urine, blood, semen and stools. Imagine his surprise when I sent him a pair of my pants.

Mr C Skelly Barnsley

Who says cats have nine lives? I managed to kill my kitten first time, with a sharp blow to the head.

Mrs J Chalmers On Holiday Somewhere

STUPID TWAT

In response to your request for reader's letters, I am writing to offer you mine. Enclosed is my favourite the letter K, together with an A and an F and a rather fetching W.

Do I win the £10?

Gary Hampstead West Wittering

I wonder if any of your other readers have, like me, been impressed by the convincing performance of the Mitchell brothers in Eastenders. Their portrayal of 2 violent and crooked hoodlums is frighteningly accurate and certainly reminds me of many real life toughvillains. Though I must say I can't recall many of the gangsters round my way ever getting so enthusiastic about 'Fruit n' Fibre'. And they certainly wouldn't be seen dead, dressed as some fucking half wit of a golfer, prancing about singing. "Hazelnuts, Sultana's, raisins, coconuts, bananas." What a load of shite Eastenders is.

Darren Lockyear Dagenham

LIVERPOOL ARE SHIT

Like many football fans, I too have been puzzled by Liverpool's recent lack of form - in particular their vulnerability at the back. Perhaps if Glenn Hysen stopped appearing in those telly adverts for Courts Furnishing Stores and concentrated on his footballing duties instead, Liverpool's defensive record might improve.

Mrs Anita Adams Stockport

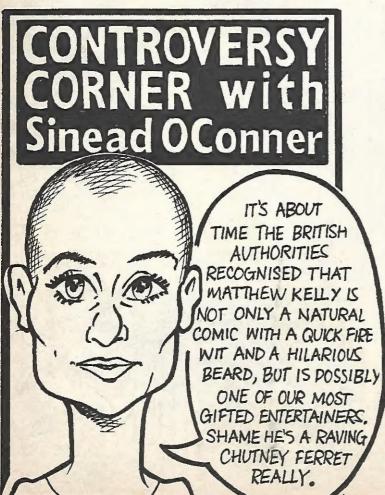

LITTLE & LARGE

If it's true that you are what you eat, then Little & Large must consume vast quantities of arse-holes.

B. Forsyth Kensington

They say Milky Way is the sweet you can eat between meals without ruining your appetite. What rubbish! Only last Saturday, I smoked 3 joints and promptly ate 472 of the bite sized morsels. Needless to say, I went right off my tea

TONY ADAM'S GUIDE TO THE FINE WINES OF

After a hard game there's nothing I like more than to relax with a glass or 7 of my favourite tipple - Italian wine. Wines have been grown throughout Italy for almost 3,000 years. Today, Italy's annual production of wine is greater than that of any other country, including France.

Tuscany, with Florence as its capital, produces one of the most famous red wines in the world and one of Paul Merson's favourites - Chianti.

In the Northern Alto Adige region, a wide number of red and white grape varieties, including Chardonnay and Traminer are grown to make light flavourful white wines.

And while we're on the subject of the grape, it's a question I'm often asked, but "No officer, I haven't been drinking."

??? YOUR ??? FOOTBALLING QUEERIES

Dear Brian, My footballing queery is Justin Fashanu.

Please could you settle a long running argument between me and my Dad. I reckon that Peter Beardsley must rate as the ugliest footballer in the football league, but my Dad insists that Aston Villa's Gordon Cowans posseses a face that looks like someone's set fire to it, then put it out with a

shovel. Who's right?

You are John. Peter wins by a short head. And a fucking whopping chin.

TREVOR BROOKIN' GIVES IT TO YOU STRAIGHT!

Well obviously I was err a liddle bit surprised that err Kenny Dalglish resigned when he did, but I s'ppose he'd probably been thinkin' about it for some time and well, now I guess the Liverpool lads have just gotta be professional, put it behind them and get on with attemptin' to win the err championship - and just tryin' to get that winnin' streak goin' again.

And obviously at Tottnem, it must be a liddle bit
disturbin' for the players
what with the err takeover
and everythin' but I guess
that the err Spurs lads have
just gotta be professional,
put it behind them and get
on with attemptin' to win
the Cup - and just tryin' to
get that losing streak goin'
again.

So who do I fancy for the Cup? Well, it's a tricky one, particularly considerin' that as I'm writin' this the Semi's haven't been played, but as I'm not renowned for sittin' on the fence, I'll stick me neck out and err... plump for the draw. Probably. That's if Tottnem don't win it of course. But then Forest are

always good in Cup competitions. But that's the fascinatin' thing with the FA Cup - literally anythin' could happen. I could wear a different jumper for instance. Or take exception to somethin' John Motson says. Then again probably not.

But I must say, I do like the look of young Nigel Clough. A good left foot, a firm pair of evenly tanned thighs, boyish good looks and a shock of thick black hair. He really is lookin' the part. And his wife makes a lovely lemoney chocolate puddin' too.

MORE CONTENTIOUS AND OUTRAGEOUS VIEWS NEXT MONTH.

Simply predict how many goals Derby County will be losing by at half-time on any Saturday and win the actual pullover that Trevor Brookin wore while commenting on the 1987 Cup Final (it comes complete with 'Motty' Motson's original sperm stain up the back).

I'VE GOT A FARM, ME!

(Honest, I'm fuckin' loaded)

By Radio 1 DJ Dave Lee Travis

I don't know know if I ever told you, but I've got a FARM. That's right, a real life FARM with real livestock, crops and a tractor.

Pretty impressive eh?

So when I'm not doing my weekend show, spinning records and rubbing your noses in it, you'll find me down on my **FARM.** That's if I'm not shagging my beautiful Swedish missus or driving my huge Range Rover.

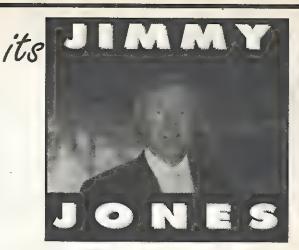

So I suppose that means I must be quite rich, owning a FARM and all that, because if I was like you

poor people, i wouldn't be able to afford my very own FARM. In fact, I don't know how everyday poor folk can cope - what with not owning a FARM. Which I do of course.

Oh yes, make no mistake, I own a **FARM** alright. I know I do, because when I pull into my **FARM** in my Range Rover, it says so on the fence; 'DLT's **FARM** - Poor People Keep Out.' Big it is, my **FARM**, oh yeah fuckin' acres blah blah, lambing season, blah blah, cute little ducks, blah blah, they've all got names you know etc etc.........(repeat to fade).

No prizes for guessing my favourite pop group.

Why did God invent men? Cos vibrators won't cut the grass.

This is a true story - I was driving through Brighton the other day, trying to find the Theatre Royal, but I was completely lost. I pulled up alongside this kid and I said, "'ere John, do you happen to know the way to the Theatre Royal?"

He said, "How do you know my name is 'kin John?"

"Well," I said, "I just guessed."
"Well," he said, "just fucking guess your way to
the Theatre Royal."

I bought my wife a bunch of flowers once. She said, "I suppose I've got to open my legs for them." I said, "Ain't you got a vase?, if you'd said I would have got a couple more bunches." Well you don't like to see them flopping about, do you?

A bloke went into a pub in Basingstoke and asked for a pint of bitter. He downed it in one and said "Piss" and walked out. Landlord thought, "Bleeding cheek." The bloke came back the following night, asked for a pint of bitter, downed it in one go, said, "Piss" and walked out. Barmaid told the landlord and the landlord thought, "I'll have that bastard." The bloke came back the next night and the landlord said, "Piss off." The bloke said, "Okay I'll have a Guinness."

THIS WEEK, BULLSEYE'S VERY OWN LEGGY LOVELY -JIM BOWEN

Eee, when I've spent an hour or so patronising honest working class folk on 'Bullseye', there's nothing I like more than

an honest working class sit-down in a traditional, honest working class chair.

And this craftsman made 'Campion' Model is as honest as the day is long.

The combination of a fully upholstered look with a showwood frame is a striking design feature, offering exceptional lumber and head support. The seat cushions are filled with combustion modified high resistant foam too. Just as well when you consider the amount of farts I get through of an afternoon.

As you'd expect, the back cushions are filled with 100% polyester fibre. Put it all together and you've got a chair that would grace any home. Eee, it's a luverly prize, but it's got to go back - Still that's the gamble....Sorry, I forgot where I was for a minute, what was I saying? Ah yes, the 'Campion' - sooper chair, really smashin'. The polished legs are made from only the sturdiest balsa wood, and it comes supplied with brass wheel casters. Alternatively a skirt finish can be provided. I don't know about you, but I love a bit of skirt.

Tips to remember when choosing an armchair? Well, when choosing a chair I always think you should shop around, take your time, Tony's there to help you, 101 or more in 6 darts....ooh fuck, sorry I've done it again. Can I go now?

Rap superstar Vanilla Ice has made the astonishing claim that he got the inspiration for his Transatlantic chart smash 'Ice Baby' during a beyond the grave chat with classical music composer Mozart.

The weird 22 year old American pin-up claims he has regular telepathic conversations with the composer who died 199 years ago, and that it was Mozart himself who told Ice to write the hit.

His first 'Meeting' with his musical guide came just after Ice saw the Oscar-winning movie Amadeus, about the life and times of Wolfgang Amadeus Mozart. As he was leaving the cinema in New York, Ice claims he heard Mozart talk to him.

21st APRIL TO 21st MAY

As ancient as the hills and as relevant to you as tomorrow's headlines, Astrology can be fun for everyone. Forget about Russell 'Slimline Tonic' Grant or Justin 'Frightwig' Toper, we give it to you straight, the lowdown on the REAL you. Each month our wild eyed stargazer writes an indepth Zodiac character portrait, plus predictions for the twelve signs.

PREDICTION FOR THE MONTH **FOR TAURUS**

Try not to beat your parner to a bloody pulp, won't you....conflicts are definately featured. If you go out on the piss after work too often, you could come home and find that your dinner is - A) in the dog, B) all over the wall, or C) all over you! A power struggle around May 12th can be solved easily. Just go berserk, smash everything up; then say sorry and weep. Never fails.

CHARACTER PORTRAIT FOR TAURUS - THE BULL

Your planet is Venus and traditionally you are the second sign of the zodiac. You are a stubborn, thick, pain in the arse! You work like hell and barge others out of the way. Taureans love large helpings of the opposite sex....trouble is you have terrible B.O. and you fart a lot, don't you Taurus? This is because you are a glutton; an exceedingly greedy food-intoshit machine. Billy Bunter seems like an anorexix hunger striker in comparison. Divorce or separation seems likely after your bum explodes in bed once too often,...of course sixteen pints and two vindaloo curries don't help. Apart from having an arse like the Chernobyl nuclear meltdown, you love music....maybe the 'Screaming-Cock-Rock-DeathMetal-From-Hell' variety, or perhaps I Love My Didgeridoo' by Kylie and Jason. Most Taureans are horny with a capital H....just the thought of sex turns them into gibbering, drooling squidge-sacks who want to grind, squelch and slurp at every available opportunity. Apart from huge dollops of food and sex, these folk love spending money; other people's money that is....their own dosh is guarded by scud missiles, Rottweilers and the SAS. Politically, most Bulls are extremists who make Genghis Khan, Stalin, and Madass Hussein look like members of Greenpeace. Be patient with Taureans, they think the Renault Five are innocent.

PREDICTIONS FOR THE OTHER SIGNS

GEMINI May 22-June 21 THE TWINS

Different work possibilities present themselves, probably in the shape of mug punters who cheat you at cards. Financial pressure is indicated, so the £20 notes you've just printed could land you in jail; you spiv, you.

CANCER June 22-July 22 THE CRAB

A tense time, fists and boots fly in your direction so remember to duck....in May you're in a creative mood, so you make the tea. From the 9th you are popular; but remember your shit stinks like everyone's does.

LEO July 23-Aug 23 THE LION

Stress at work now....but the show must go on. Try solving confrontations with tact. If that fails try screaming. If screaming fails, do your impression of a mass murderer and make terrifying growling noises. Gosh.

VIRGO Aug 24-Sept 23 THE VIRGIN

Be patient around the end of April; you don't like anybody in this world except youself, but you need the help of others. Strange dreams indicated, try not to sleepwalk bollock naked in the road or snore loudly. ZZZzzzzzzzzz...

LIBRA Sept 24-Oct 23 THE SCALES

Your energies are sapped by divided loyalties; you don't know who to bonk. Around the 7th May a surge of energy puts you back in a rumping frenzy, but don't get drunk or you'll end up in bed with a transvestite. Whoops.

SCORPIO Oct 24-Nov 22 THE SCORPION

Steer a middle course between viciousness and sadism and things will work out fine, you devil. Relationships important now, things could be tricky; but nothing that electric shock torture won't solve. Buzz Buzz!

SAGITTARIUS Nov 23-Dec 21 THE ARCHER

Travel could bring danger. Stick to the speed limit instead of blowing the balls off the engine and ending up in the great garage in the sky. By the 17th you're over the moon, or sick as a parrot. Squawk.

CAPRICORN Dec 22-Jan 20 THE GOAT

Explosive clashes possible at the end of April. Early May favours creativity, so go ahead and make a fool of yourself....you'll probably solve a romantic conflict with a knuckle sandwich and rampant buggery. Deary me.

AQUARIUS Jan 21-Feb 19 THE WATER CARRIER

'Geronimo!' You yell as you try to get things done by yesterday. Inspiration and insight come in early May; you scare old ladies on the bus shitless by shouting 'Eureka!' and grinning insanely. Barking mad, matey.

PISCES Feb 20-Mar 20 THE FISH

Come down off cloud nine, or you'll be knocked off it. Ouch. Re-examine your prejudices; the Klu Klux Klan are really knights in white satin; and muggers and rapists are really misunderstood misfits. OK, Yah.

ARIES Mar 21-April 20 THE RAM

Your ideas are clapped out. Fresh ones needed; also clean underpants, because the loan shark you use threatens to mutilate your extremities. May 10th, however, you are as happy as a dog with two dicks. Woof Woof!

FREE A HAND SHANDY FROM KYLIE MINOGUE!

photocopy of Kylie's hand (Actual size)

Let's face it lads, in this day and age, you can't beat a good wank from a celebrity. And there's no beating our sensational offer - a quick five knuckle shuffle from the curvy queen of pop. Kylie Minague.

We recently popped into her record company offices and while she was leaning on the photocopier, switched it on. The result - a lifesize palm print of the sexy temptress herself. Follow the instructions and you too can experience what it feels like to be wanked off day and night by Kylie. And unlike Michael Hutchence, you don't even have to make boring smalltalk with her afterwards!

Here's what to do:-

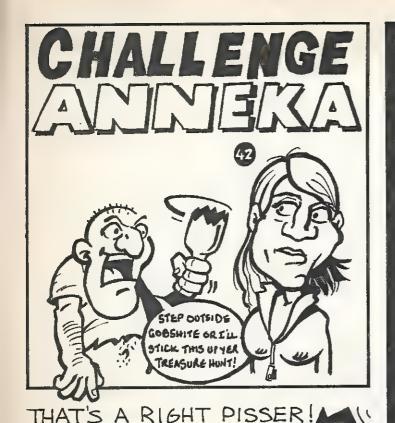

- 1 Cut around dotted lines
- 2 Glue reverse of cut-out hand and affix to the palm of your hand.
- 3 Masturbate in normal fashion-in the knowledge that Kylie's fair fingers are entwined around your appendage.

Note: We have it on good authority that Kylie uses a firm grip, hums while she's doing it and changes hands every 15 strokes so for maximum effect, you'll need both hands. Better go out and buy another copy of this comic then Remember to put your knob away first though.

YOU'RE A BUNCH OF FUCKIN' WANKERS!

The Final Judgement

APOLOGY

DUE TO A PRINTING ERROR, THE CUT-OUT HAND THAT APPEARS ON THE PREVIOUS PAGE IS NOT THAT OF KYLIE MINOGUE'S.

UNFORTUNATELY, THE WRONG HAND HAS BEEN PUBLISHED, AND THE PALM PRINT THAT APPEARS IN THIS MONTH'S ISSUE, UNDER THE HEADING OF: 'A FREE HAND SHANDY' IS THAT OF TV ASTROLOGER. RUSSELL GRANT

WE APOLOGISE FOR ANY DISTRESS THIS MAY HAVE CAUSED, PARTICULARLY TO READERS WHO HAVE ALREADY TAKEN UP OUR OFFER AND CUT THE HAND OUT TO USE WHEN MASTURBATING.

IN WHICH CASE, YOU'LL HAVE TO LIVE WITH THE FACT THAT YOU'VE JUST BEEN WANKED OFF BY THE ROLY-POLY RAGING STARGAZER HIMSELF

EURRGH YOU FILTHY BASTARDS!!

ANYWAY SORRY AND ALL THAT
